Specific Elements

Description of Work:

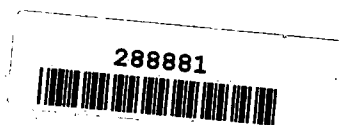

TDD is a continuation of TDD # 0013-0214 in Award Term I, Year 1.

EPA will be designing and constructing a 2 mile water main to connect residences whose private domestic supply wells have been impacted by Site related contaminants.

In accordance with the Assessment Activities Section in the SOW, RST 2 shall provide removal site assessment support and perform the following activities:

Provide 2 personnel (one PM, 1 GIS support) to support this removal assessment. These work existing data review, database management and mapping support for the project. Visits to the Site may be necessary.

- Obtain property deed and tax map
- Review existing site information and data
- Create a site database
- Produce base maps and site maps

Maintain site log
Photo document Site conditions

Travel is authorized
